

# 2022 MARLBOROUGH SINGLE VINEYARD SAUVIGNON BLANC

VINTAGE	VARIETY	ORIGIN	HARVEST DATE
2022	100% Sauvignon Blanc	Marlborough, Wairau Valley	March 2022

## TASTING NOTE

Classic, powerful bouquet of Marlborough SB with a crushed stone and ripe citrus fruits bouquet, some tropical fruit with mango and dried pineapple, there's a distinctive tomato leaf quality adding breadth and power. Delicious on the palate with a satin touch, contrasting acid line then flavours of pineapple and red apple, citrus and some cape gooseberry then fresh herbs. Great drinking from 2023 through 2026+.

## WINEMAKING

The grapes were machine harvested and field destemmed before being gently pressed to stainless steel holding tanks for fermentation at cool temperatures with selected yeast strains with the aim to preserve the aromatic and fruit flavours from the vineyard.

## FOOD MATCHING

Fish and seafood are a great choice to match. Delicate flavours of these dishes will complement the bright varietal characters of this wine.

## CELLARING POTENTIAL

Great drinking from 2023 through 2026+.
